Councilmember Atkins Announces Traffic Workshop for University Heights

San Diego - City Councilmember Toni Atkins is sponsoring a Traffic Workshop for the University Heights neighborhood to address the many traffic issues in the community. Topics to be discussed include speeding, traffic calming, better speed limit signs and traffic controls. Joining Councilmember Atkins will be representatives from the San Diego Police Department and the City's Traffic Engineering Department.

"Traffic issues have a direct effect on the quality of life in our older urban neighborhoods and must be addressed," said Atkins. "Speeding continues to be a serious problem and we have to think outside the box to keep our streets safe."

Atkins has requested that neighbors come to the meeting with specific locations that need attention. "Residents from the area know what the problems are and usually have a good idea on how to solve them," added Atkins.

The Traffic Workshop will be held during the University Heights Community Association's monthly meeting on Thursday, April 4, 2002, beginning at 7:00 p.m. in the auditorium of Birney Elementary School, 4345 Campus Avenue.

If you need additional information, please contact the District Three office at 619/236-6633, or send your E-mail to ToniAtkins@sanidiego.gov.
